EARTH DAY

Earth Day began on April 22, 1970 and is celebrated every April 22 since then. It's a day to remind us to take care of our Earth. We reflect on our planet, our environment, and learn what we can do to help keep the earth healthy. Since that is a weekend, we will have our Earth Day celebration on Monday, April 22th. We have many activities planned to help our students learn to reduce, reuse and recycle.
